

PI.400 – PRODUCT INFORMATION: QUICK-PATTERN™ Stencils

Brick, stone and slate... The authentic, natural look that homeowners, builders and designers desire and QUICK-PATTERN™ Stencils can help you create such patterns at a fraction of the cost of the real product.

QUICK-PATTERN™ Stencils are designed for use with concrete resurfacing systems such as THIN-FINISH™ Overlay over existing concrete surfaces or with conventional wet-cast concrete, placed during the initial pour. Either way, the look is consistent and elegant every time. And with over 30 standard colors when using the PORTION CONTROL COLORANT™ system with THIN-FINISH™ Overlay, you are only limited by your imagination.

Manufactured from reusable plastic, QUICK-PATTERN™ Stencils are designed to be of a consistent high quality every time.
