

Elite Crete Systems - Product List - Division 3 Products	
Product Name and Prices Only	
DECORATIVE CONCRETE RELATED PRODUCTS	PKG. SIZE
Polymer Modified, Cementitious Products	
THIN-FINISH™ Pre-Mixed Overlay	55 Lb. Bag
An extremely versatile, high strength, polymer modified, cementitious material engineered for a multitude of applications ranging from: concrete surface restoration, various decorative concrete overlay finishes and broom finishes. Engineered as a "just add water" material for ease of use and less errors.	56 Bags
TEXTURE-PAVE™ Pre-Mixed Overlay	55 Lb. Bag
A high strength, polymer modified, cementitious overlays material designed for concrete surface restoration stamped overlays which replicate the look of conventional full depth stamped concrete but at an average thickness of 3/16" to 5/8". Engineered as a "just add water" material for ease of use and less errors.	56 Bags
MICRO-FINISH™ Pre-Mixed Overlay	30 Lb. Bag
A polymer modified, cementitious topping for creating an ultra-smooth overlay finish for interior floors that colored integrally, acid stained or dyed. Engineered as a "just add water" material for ease of use and less errors.	56 Bags
Single Component Sealers	
CSS EMULSION™	1 Gal. Can
A 53% solids, solvent borne, concentrated, clear, acrylic and methyl-methacrylate blended sealer that must be used before use with a VOC compliant or exempt solvent such as DMC. Solids reduction varies depending on use. See technical data and product information sheets for detailed dilution recommendations.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
WCS EMULSION™	1 Gal. Bottle
A 37% solids, waterborne, clear, acrylic emulsion sealer. Ideal for light to medium interior traffic where so sealers cannot be used.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
Stains & Dyes	
ULTRA-STONE™ Antiquing Stain	1 Gal. Bottle
A waterborne, concentrated antiquing stain for polymer modified, cementitious overlays. Available only as a neutral base which is pigmented with PCC or SYPP colored.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
CHEM-STONE™ Reactive Stain	1 Gal. Bottle
An acidic stain for concrete and polymer modified, cementitious overlays. Coloring is achieved when a chemical reaction takes place and is not a paint or film build coating which is only topical and can wear off. Standard Colors: Antique Black, Antique Blue, Antique Brown, Antique Gold, Antique Green, Antique Tan, Antique Red & Antique Umber	5 Gal. Pail
CHEM-STONE™ - Single Sample Bottle - Specify Color	4 Oz. Bottle
CHEM-STONE™ - Complete Sample Pack	4 Oz. Bottles
HYDRA-STONE™ Dye Stain	1 Qt. Bottle
A highly concentrated, metal complex dye for interior concrete, polished concrete and polymer modified, cementitious overlays. Standard Colors: Aged Orange, Bright Red, Lemon Yellow, Water Blue, Subtle Peach, Deep Purple, ECS Blue, Emerald Green, Leather Tan, Grass Green, Light Violet, Yellow Gold, Saddlebag Brown, Midnight Blue, Burnt Umber, Chocolate Brown, Jet Black, Charcoal Gray & Turquoise Green	1 Gal. Bottle
	5 Gal. Pail
	Powder Pack
HYDRA-STONE™ - Single Sample Bottle - Specify Color	4 Oz. Bottle
HYDRA-STONE™ - Complete Sample Pack	4 Oz. Bottles
Colorant and Pigments	
PORTION CONTROL COLORANT™	1 Qt. Bottle
A concentrated liquid pigment for coloring THIN-FINISH™, TEXTURE-PAVE™, MICRO-FINISH™ and ULTRA-STONE™. Standard Colors: Brick, Charcoal, Chocolate, Dark Platinum, Desert Beige, Forest Green, Graphite, Palomino, Sangria & Terra Cotta	1 Gal. Bottle
SYPP™ Synthetic Primary Pigment	1 Qt. Bottle
A highly concentrated liquid pigment similar to PCC but in primary colors rather than earth tones. Standard Colors: Blue, Green, Jet Black, Red, White & Yellow	1 Gal. Bottle
Supplemental Products - Decorative Concrete	
CLEAN-PRINT™ Liquid Release Agent	1 Gal. Bottle
An alternative to powdered release agents. Designed for ease of release of polymer modified, cementitious overlays.	5 Gal. Pail
	36 Pails
HYDRA-STONE™ Reducer	1 Gal. Bottle
A light, slow evaporating solvent for reducing/dilute HYDRA-STONE Dye Stain and Powder	5 Gal. Pail
QUICK-CRACK™ - 1:1 Ratio	1 Gal. Kit
A fast but moisture sensitive crack filling resin. Typical cure time is 1.5 to 2 hours.	
MERCAP-445™ - Crack Repair and Injection Epoxy	900 ml Cartridge
A moisture insensitive crack filling resin for damp areas. Typical cure time is 5 to 6 hours.	1.5 Gal. Kit

REHAB™ Cleaner/Degreaser A concrete cleaner/degrease.	1 Gal. Bottle
	5 Gal. Pail
	36 Pails
Powdered Accelerator A non-calcium accelerator for use in THIN-FINISH™ and TEXTURE-PAVE™.	5 Gal. Pail
	36 Pails
CPR-1000™ If you have to ask what this product is, you do not need to use it.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
DMC Solvent	5 Gal. Pail
Specialty Tools and Supplies	
*Dual Cartridge Gun - 600 ml:300ml - 2:1	Each
*Static Mixer	Each
*Hand Squeegee (Magic Trowel)	12" Wide
	18" Wide
	22" Wide
*Economy Notched Squeegee - 1/16" depth. 22" wide	1/16" D x 22" W
	1/8" D x 22" W
	3/16" D x 22" W
*Gauge Rake (Cam) - 24"	24" Wide
*Ultimate Squeegee - 36"	36" Wide
*Marshalltown Sharpshooter Hopper Gun	Each
*Mixer Set - 5 Piece	5 Pieces
*Plastic Measuring Container	1 Quart
	2.5 Quart
	5 Quart
5 Gallon Plastic Pail with Lid	1 each
*Design Tape - Plain	1/4" x 60 yds
	1/2" x 60 yds
	3/4" x 60 yds
	1.5" x 60 yds
*Design Tape - Brick Marks	1/4" x 60 yds
	1/2" x 60 yds
