

<b>Elite Crete Systems - Product List - Division 3 Products</b>	
<b>Product Name and Prices Only</b>	
<b>DECORATIVE CONCRETE RELATED PRODUCTS</b>	<b>PKG. SIZE</b>
<b>Polymer Modified, Cementitious Products</b>	
<b>THIN-FINISH™ Pre-Mixed Overlay</b>	55 Lb. Bag
An extremely versatile, high strength, polymer modified, cementitious material engineered for a multitude of uses and applications ranging from: concrete surface restoration, various decorative concrete overlay finishes and broom finishes. Engineered as a "just add water" material for ease of use and less errors.	56 Bags
<b>TEXTURE-PAVE™ Pre-Mixed Overlay</b>	55 Lb. Bag
A high strength, polymer modified, cementitious overlays material designed for concrete surface restoration and thin stamped overlays which replicate the look of conventional full depth stamped concrete but at an average thickness of 3/16" to 5/8". Engineered as a "just add water" material for ease of use and less errors.	56 Bags
<b>MICRO-FINISH™ Pre-Mixed Overlay</b>	30 Lb. Bag
A polymer modified, cementitious topping for creating an ultra-smooth overlay finish for interior floors that can be colored integrally, acid stained or dyed. Engineered as a "just add water" material for ease of use and less errors.	56 Bags
<b>BACE-LINE™ 6.3M Self Leveling Structural Concrete Overlay</b>	50 Lb. Bag
A self leveling, fast setting, high early strength, structural grade, concrete overlay, designed for leveling uneven concrete floors and as a form and pour structural repair mortar. No troweling required. Resistant to deicing salts.	
<b>BACE-LINE™ 6.3M Liquid Primer Only</b>	1 Gal Pail
To be applied prior to Bace-line 6.3M self leveling mortar as a moisture barrier.	
<b>Single Component Sealers</b>	
<b>CSS EMULSION™</b>	1 Gal. Can
A 53% solids, solvent borne, concentrated, clear, acrylic and methyl-methacrylate blended sealer that must be reduced before use with a VOC compliant or exempt solvent such as DMC. Solids reduction varies depending on use. See technical data and product information sheets for detailed dilution recommendations.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
<b>CXS-37R™ Clear Sealer</b>	1 Gal. Bottle
A waterborne, high gloss, film build sealer which in NMP/NEP free, self-crosslinking and waterborne polyurethane and acrylic blended emulsion composite that is able to be formulated to <140g/L VOC US <50g/L EU.	5 Gal. Pail
	55 Gal. Drum
<b>WCS EMULSION™</b>	1 Gal. Bottle
A 37% solids, waterborne, clear, acrylic emulsion sealer. Ideal for light to medium interior traffic where solvent borne sealers cannot be used.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
<b>Stains &amp; Dyes</b>	
<b>ULTRA-STONE™ Antiquing Stain</b>	1 Gal. Bottle
A waterborne, concentrated anitquing stain for polymer modified, cementitious overlays. Available only as an uncolored neutral base which is pigmented with PCC or SYPP colored.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
<b>CHEM-STONE™ Reactive Stain</b>	1 Gal. Bottle
An acidic stain for concrete and polymer modified, cementitious overlays. Coloring is achieved when a chemical reaction takes place and is not a paint or film build coating which is only topical and can wear off. Standard Colors: Antique Black, Antique Blue, Antique Brown, Antique Gold, Antique Green, Antique Tan, Antique Red, & Antique Umber.	5 Gal. Pail
<b>CHEM-STONE™ - Single Sample Bottle - Specify Color</b>	4 Oz. Bottle
<b>CHEM-STONE™ - Complete Sample Pack</b>	4 Oz. Bottles
<b>HYDRA-STONE™ Dye Stain</b>	1 Gal. Bottle
A highly concentrated, metal complex dye for interior concrete, polished concrete and polymer modified, cementitious overlays. Standard Colors: Aged Orange, Bright Red, Lemon Yellow, Water Blue, Subtle Peach, Deep Purple, ECS Blue, Dark Red, Emerald Green, Leather Tan, Grass Green, Light Violet, Yellow Gold, Saddlebag Brown, Midnight Blue, Burnt Umber, Chocolate Brown, Jet Black, Charcoal Gray & Turquoise Green	5 Gal. Pail
	Powder Pack
<b>HYDRA-STONE™ - Single Sample Bottle - Specify Color</b>	4 Oz. Bottle
<b>HYDRA-STONE™ - Complete Sample Pack</b>	4 Oz. Bottles
<b>Colorant and Pigments</b>	
<b>PORTION CONTROL COLORANT™</b>	1 Qt. Bottle
A concentrated liquid pigment for coloring THIN-FINISH™, TEXTURE-PAVE™, MICRO-FINISH™ and ULTRA-STONE™. Standard Colors: Brick, Charcoal, Chocolate, Dark Platinum, Desert Beige, Forest Green, Graphite, Palomino, Sangria & Terra Cotta	1 Gal. Bottle
<b>SYPP™ Synthetic Primary Pigment</b>	1 Qt. Bottle
A highly concentrated liquid pigment similar to PCC but in primary colors rather than earth tones. Standard Colors: Blue, Green, Jet Black, Red, White & Yellow	1 Gal. Bottle
<b>Supplemental Products - Decorative Concrete</b>	
<b>BACK-TRACK™60S</b>	1 Qt. Bottle
A long wearing anti-slip additive, suitable for use in most clear and pigmented 100% solids coatings and approved single component sealers.	
<b>CLEAN-PRINT™ Liquid Release Agent</b>	1 Gal. Bottle
An alternative to powdered release agents. Designed for ease of release of polymer modified, cementitious overlays.	5 Gal. Pail
	36 Pails
<b>HYDRA-STONE™ Reducer</b>	1 Gal. Bottle
A light, slow evaporating solvent for reducing/dilute HYDRA-STONE Dye Stain and Powder	5 Gal. Pail
<b>HYDROPHO™ NF47</b> - A water based PVB polymer emulsion designed to dust proof concrete surfaces and increase	5 Gal. Pail

Copy of PI.024 - Product List - Division 3 Products - 2.1.21

the abrasion resistance and wear resistance up to ten times the uncoated properties of concrete.	55 Gal. Drum
<b>HYDROPHO™ PR52</b> - A water based, water repellent sealer designed to protect concrete, stone, brick and block from water intrusion and prevent efflorescence. There will be no change to the appearance, yet provides an easy to clean surface.	5 Gal. Pail
	55 Gal. Drum
<b>QUICK-CRACK™ - 1:1 Ratio</b> A fast but moisture sensitive crack filling resin. Typical cure time is 1.5 to 2 hours.	1 Gal. Kit
<b>MERCAP-445™ - Crack Repair and Injection Epoxy</b> A moisture insensitive crack filling resin for damp areas. Typical cure time is 5 to 6 hours.	900 ml Cartridge
	1.5 Gal. Kit
<b>REHAB™ Cleaner/Degreaser</b> A concrete cleaner/degrease.	1 Gal. Bottle
	5 Gal. Pail
	36 Pails
<b>Whistle™ 21.C concentrated floor cleaner</b> Industrial grade concentrated cleaner, environmentally friendly	1 Gal. Bottle
<b>Powdered Accelerator</b> A non-calcium accelerator for use in THIN-FINISH™ and TEXTURE-PAVE™.	5 Gal. Pail
	36 Pails
<b>CPR-1000™</b> If you have to ask what this product is, you do not need to use it.	5 Gal. Pail
	36 Pails
	55 Gal. Drum
<b>DMC Solvent</b>	5 Gal. Pail
